

DESKTOP PRINTERS

Desktop Printers to Meet Your Needs

Whether you're looking to print labels, packing slips, or wrist bands, Zebra's line of desktop printers has you covered. Imprint Enterprises has you covered with high-end and easy to use printers designed for 24/7 reliability from a trusted brand.

Compact, Easy-to-Use Desktop Printers for Every Application

GOOD

Reliable Operation, Quality Construction, Unmistakable Value

Not all printers are created equal, especially value models. Instead of cutting corners to reduce costs, the ZD200 Series desktop printers are engineered with Zebra quality to deliver reliable operation at an affordable price. Available in direct thermal and thermal transfer models.

ZD200 Series

BETTER

Reliable Operation, Quality Construction, Unmistakable Value

Zebra's ZD400 Series delivers the functionality you need for easy integration, operation, management simplicity, and application flexibility. The 4-inch ZD421 and 2-inch ZD411 desktop printers are available in direct thermal, thermal transfer, healthcare, and ribbon cartridge models.

ZD400 Series

BEST

Premium Features, Maximum Performance

When print quality, productivity, application flexibility and management simplicity matter, the premium ZD600 Series delivers. The 4-inch ZD621 and the 2-inch ZD611 desktop printers are available in thermal transfer, direct thermal, healthcare, and RFID models.

ZD600 Series
