

GENERAL PURPOSE SCANNERS

Find The Scanner You Need

Zebra general purpose scanners give your team the technology they need to be able to easily scan 2-D and tough-to-scan barcodes. Imprint Enterprises is proud to offer the best scanning technology from a trusted name in the industry

Built for Life on the Production Line

GOOD

Affordability and Simplicity Delivered

2D barcodes have made their way to your Point of Sale, appearing on everything from the items your customers are purchasing to printed and electronic coupons and loyalty cards. Your 1D scanner can't capture the new 2D codes, leading to exceptions that slow down the check-out process and frustrate customers at that key last personal touchpoint in your store.

DS2200

BETTER

Ultimate in Performance

The DS8100 Series handheld scanners rise above conventional imagers to deliver unprecedented scanning performance on 1D and 2D barcodes, innovative productivity-enhancing tools, and unrivaled manageability to deliver frictionless transactions at every touchpoint, from cashier manned and self-checkout lanes to curbside and in-store pickup.

DS8100

BEST

Built for Life on the Production Line

Direct part marks and high-density barcodes can be tough to scan, but not with the DS4600 Series for Electronics Manufacturing. This intuitive imager has the widest decode range in its class, enabling workers to position it at a more natural distance to see the barcode or mark they are scanning.

DS4600

GENERAL PURPOSE SCANNERS

Whatever your industry, make it easier for your employees to scan and collect the necessary data to complete their work. Zebra scanners from Imprint Enterprises offer top-of-line features paired with durability.

The Micro USB provides a low-cost charging alternative to a cradle.

DS2200

GOOD

Features

- PRZM's software decode algorithms deliver superior performance on poor quality barcodes
- Improved checkout speeds with larger scanning range
- Omni-directional scanning for ease of use
- Intuitive aim-line experience for familiarity
- Scan-to-Connect technology allows for easy pairing with Bluetooth-enabled PCs, tablets, and smart phones
- 14 hours of power available to easily cover a shift

Uses two interchangeable power options: PowerPrecision+ battery or PowerCap capacitor.

DS8100

BETTER

Features

- Dedicated power charge gauge to easily check power levels
- Anti-loss tools alert you when the scanner is taken out of range
- Wi-Fi friendly mode eliminates Bluetooth interference
- Easily captures and parses label data for more efficient inventory management
- Multi-code data formatting captures multiple barcodes with a single scan
- Capture driver's license data

Widest decode range in its class gives employees point and shoot simplicity with the toughest barcodes.

DS4600

BEST

Features

- Haptic and visual feedback for noisy environments
- IP52 sealing protects against spills
- Place in a presentation stand to switch to hands-free mode
- Easy out-of-the-box setup
- Multi-code data formatting (MDF) scans multiple barcodes with single trigger pull
- Single out the right barcode
