

ULTRA-RUGGED SCANNERS

 **IMPRINT ENTERPRISES**

Scan Any Barcode in Rugged Environments

Zebra's line of ultra-rugged scanners give your team the flexibility to scan the most advanced or hard-to-read barcodes in rugged work environments. Imprint Enterprises is proud to offer the most durable scanners on the market from a trusted brand.

Ultra-Rugged Extended Range Barcode Capture

GOOD

Extended Range 1D Barcode Capture

Designed to capture virtually any 1D barcode from as close as 2 in./5.1 cm to as far as 56 ft./17.1 m away, these scanners provide the ultimate in versatility. Workers can capture codes in hand as well as on the top of your warehouse racks.

LI3600-ER

BETTER

1D/2D Standard Range Barcode Capture

Designed to capture virtually any barcode from near contact to an arm's length away, these scanners are loaded with features that deliver truly unstoppable performance, redefining reliability, and management simplicity.

DS3600-SR

BEST

Extended Range Barcode Capture

Advanced long-range capture of 1D/2D barcodes, from near contact to the top shelf of a warehouse rack.

DS3600-ER

ULTRA-RUGGED SCANNERS

Zebra's innovative scanning solutions come fit for the most rugged work environments. Choose a scanner that can withstand drops, tumbles, dust, or liquid damage.

A new aiming pattern provides fool-proof aiming for codes in hand and on the uppermost warehouse racks.

LI3600-ER

GOOD

Features

- 100,000 scans on a single charge (more than twice the competition)
- The charge gauge and Bluetooth status LED allow you to easily see charge levels
- Switch workflows in an instant with AutoConfig
- Keep track of scanners and prevent workflow interruption
- Wi-Fi friendly mode eliminates Bluetooth interference
- No cost tools meet management needs

Built to instantly capture the most problematic barcodes using PRZM Intelligent Imaging technology.

DS33600-SR

BETTER

Features

- Faster pick-list processing
- Most rugged scanners in their class
- Flexible feedback modes
- More than 100,000 scans on a single charge (more than twice the number of scans as competitors)
- Track scanners to prevent workflow interruptions
- Eliminate Bluetooth interference with Wi-Fi friendly mode

Label Parse+ allows for the instant capture and parsing of GS1 barcode data including expiration dates and lot/manufacturing location).

DS3600-ER

BEST

Features

- Read up to 20 barcodes with one press of scan trigger
- Faster pick-list processing
- Flexible feedback modes
- Keep track of scanners more easily to prevent interruptions
- Wi-Fi friendly mode reduces Bluetooth interruptions
